## ELEVENTH HOUR APPEALS MADE

Wood Managers' Effort to Pull Votes  
From Lowden And Harding Sub-  
ject of Comment

CLAIM FIGHT IS ON JOHNSON.

Lowden and Harding Men Refuse to  
be Stampeded, Saying Johnson  
Can't Get Majority

Eleventh hour appeals were being made today in an effort to make votes in the primary campaign. The slogan of the Wood managers to vote for their candidate to beat Johnson and the alleged appeal of Johnson workers to democrats to vote for their candidate overshadowed all other developments in the closing hours of the campaign.

Three long telegrams, two of them numbering more than four hundred words, were received from Harry G. Logan, state campaign manager for Wood, by the Daily Republican. One of them characterized the last-minute effort of the Johnson managers to get democratic votes "a most unusual procedure."

The other long message expressed the opinion that Indiana will give Wood "a substantial majority," and predicted that many former friends of Lowden and Harding are beginning to realize that the fight in Indiana is between Wood and Johnson and are flocking to Wood to defeat Johnson.

This slogan was being used by local Wood workers today. They told the news that Harding and Lowden were practically out of the race and that the only way to defeat Johnson was to vote for Wood.

The Lowden and Harding men in Rushville, however, were not so easily stampeded and maintained that their candidates were just as much in the race as they ever were. They pointed out that there was no chance of Johnson receiving a majority of the republican votes cast in the primary and in no other event could he win the state delegation to the national convention.

The Lowden and Harding men characterized the Wood managers' scheme as a campaign trick to pull votes from Lowden and Harding. They referred to the fact that carrying Indiana would not win the nomination in Chicago and that even

## PRIMARY CAMPAIGN LIE IS NAILED HERE

Rumor Circulated Here That State  
Committee Would Ask McCray to  
Withdraw Found Untrue

INVESTIGATION PROVES IT

A malicious lie, circulated here Saturday as an "unconfirmed rumor," was nailed to the masthead today by friends of Warren T. McCray, candidate for the republican nomination for governor, against whom it was directed.

An influential Indianapolis man was here Saturday telling that a meeting of the republican state committee was being held that afternoon to ask McCray to withdraw from the race because his loyalty during the war was questioned and because of a brawl in which he was implicated in Chicago.

Some McCray men here immediately called republican state headquarters and learned that no such meeting was being held. Had been held or was ever suggested. The Indianapolis man who repeated the rumor here was confronted with the story and immediately apologized. He wrote to a McCray supporter in Rushville today, declaring that he had investigated the story which he told here and found that it was all untrue. Furthermore, he said McCray's record during the war could not be questioned—that he was county chairman in the first four liberty loan campaigns, when his county went over the top every time, and that he helped in other

## JAMES MILLER RE-ELECTED

Chosen County School Attendance  
Officer by Board of Education.

The county board of education, which consists of the township trustees of the county, re-elected James E. Miller county school attendance officer, for a period of one year, at a meeting Saturday afternoon. The meeting was called for the purpose as the law provides the county attendance officer shall be elected the first day of May. Mr. Miller was unopposed.

Some of the trustees reported on the school enumeration, but not enough of them made reports so that it was possible today to get any idea of the enumeration in the county. The board meets regularly the first Monday of each month but no meeting was held today due to the session Saturday.

## NONE EXPECTED TO GET MAJORITY

Indications Are Indiana Delegation  
to Republican Convention Will  
be Uninstructed

NO DEMOCRATIC CANDIDATES

Fight For Plurality Apparently Is  
Between Wood and Johnson, With  
Lowden Strong Contender

(By United Press.)

Indianapolis, Ind., May 3.—Indiana will send an uninstructed delegation to the republican as well as the Democratic national convention, it appeared certain here today.

Everyone familiar with the political situation conceded that none of the four republican candidates for the presidential nomination will obtain the majority necessary to swing the solid support of the 36 Indiana delegates.

The fight for the plurality generally today seemed to lie between Senator Hiram Johnson and Major General Leonard Wood, with Governor Lowden running as a strong third contender.

Senator Harding has been making speeches in the state in the interest of his campaign and will end his tour at Connersville tonight.

General Wood has been making a whirlwind trip through the state in behalf of his campaign. He spoke today at Columbus, Seymour, Indianapolis, Richmond and Muncie and will end his tour at Anderson tonight.

Senator Johnson is also making a wind up of his campaign today. His campaign of the state has been conducted largely through his state headquarters and by stump tours by his leaders. He made a motor trip Sunday to Bloomington, where he made a speech.

The democrats have been asked to send an uninstructed delegation to the convention from the state. The names of Governor Edwards and Vice President Marshall therefore have been withdrawn from the list. No man is listed for the presidential nomination on the democratic ballot.

## TEN KILLED IN TORNADO

Storm Completely Wipes Out Town  
of Peggs, Okla.

(By United Press.)

Muskogee, Oklahoma, May 3.—Ten persons were killed and thirty injured by a tornado which practically wiped out the town of Peggs late yesterday. It was reported that not a house was left standing. Direct communication with Peggs was impossible.

A special train left here today with physicians and nurses. The town has about 250 inhabitants.

## GRAIN PRICES ADVANCE

Chicago, Ill., May 3.—The highest prices ever paid for oats were offered today on the Chicago board of trade. Bidders opened the May oats trade at \$1.03 and quickly ran it up to \$1.05. Corn also went up, selling for record prices. The sale opened at \$1.77 and was run up 2 cents at the close.

## WANTS DIVORCE DECREE MODIFIED

Mrs. Marguerite Haugh Files Petition  
in Court, Asking Custody of  
Her Children.

HEARING IS SET FOR MAY 14

No Trace Has Been Found of J. Guy  
Haugh, Who Took Children  
From Asylum Last Friday.

Mrs. Marguerite Haugh of Indianapolis has filed a petition in the circuit court here, asking that the court modify the decree which granted the custody of the two children belonging to Mrs. Haugh and her divorced husband, J. Guy Haugh, to the Indianapolis orphans' asylum, and give her the custody of the two children.

A few weeks ago the two children were released from the custody of Dr. Amelia Keller and Otto Keller of Indianapolis, because they stated that Mrs. Haugh interfered with the management of the children, and it was then that Judge Sparks sent the children to the orphan asylum.

Last Friday the two children disappeared with their father and have not been seen nor heard from since. Mrs. Haugh in her petition filed today stated that her divorced husband had unlawfully taken the children, and in her complaint states that she is the proper person to have their custody.

In asking for the court to modify the decree, she says that if her wishes are not granted, that it is her desire that the court make provision for the children that will enable her to see them as often as possible, and to protect them from any attempt Mr. Haugh might make to take them away.

The time for hearing Mrs. Haugh's petition has been set for one o'clock Friday afternoon, May 14.

The Indianapolis Star said today that no trace had been found of Mr. Haugh and his two children who disappeared last Friday morning. Haugh taking them from the orphans' home on the pretext that he wished to buy them something. Mrs. Haugh is making a vain effort to locate them and has appealed to the Indianapolis police and juvenile court authorities in vain, according to the Star. The Indianapolis officials claim they are without authority to act in the case.

## MORE WARSHIPS TO BE SENT TO MEXICO

State Department Sees no Immediate  
Danger But Wants to Re-  
assure Americans There.

U. S. CITIZEN AND SON KILLED

(By United Press.)

Washington, May 3.—Additional United States destroyers will be sent to the Eastern coast of Mexico to protect Americans there, it was stated today at the state department.

The state department asked the navy department to dispatch the destroyers on request of Americans in Mexico.

There was only one American warship on the east coast of Mexico then.

It was explained that the state department does not indicate that there is any immediate danger to Americans but were sent merely to reassure United States citizens.

Eben Francis Greenlaw, an American citizen, and his son, were murdered by Mexican bandits in the state of Mexico, it was learned today. Greenlaw for many years was a lumberman in Mexico and was employed by a British company.

## MAY OVERTHROW CARRANZA

Madero, Texas, May 3.—Desertion from the ranks of the Mexican federal army and increases in the strength of revolutionists have been so widespread during the last ten days, as to create a possibility of President Carranza's overthrow. This was learned here today in the form of reliable advices from Mexico City.

## SEES GEN. WOOD AS LOGICAL MAN

Montaville Flowers, Chautauqua Orator,  
Speaks in Behalf of His  
Candidacy Today

MAKES FLYING VISIT TO CITY

Recommends Wood as a Business  
Man and Cites Record He Made  
in Cleaning up Cuba

Montaville Flowers speaking here at noon today declared that Leonard Wood was the logical republican candidate for president, and urged the voters of Rushville tomorrow to cast their votes for the major-general, stating that the country needs a business man as the republican nominee.

Mr. Flowers arrived here at noon in an automobile, and spoke for about forty minutes from the north steps of the court house. He was preceded by a musical quartet, that rendered several selections on cornets.

Flowers is from California and is noted as a chautauqua orator. The report was circulated that the general himself would be here, but this was unfounded, because his tour did not take him through Rushville today. He was at Knightstown, however, for a short time this afternoon and a number of people motored there to hear him. Wood made scheduled speeches today in Columbus, Seymour, Richmond, Indianapolis and Muncie, with the closing address of the campaign at Anderson tonight.

Mr. Flowers is touring this part of Indiana on behalf of the candidacy of Leonard Wood, and left here immediately afterwards for a short stop in Connersville, and will join Leonard Wood tonight in his farewell address at Anderson.

The speaker was a rapid-fire orator and spoke directly to the point, urging the voters not to be misled by the slogan adopted by other candidates, "We don't want a military man for president."

He pointed out that Wood was the most logical of all candidates here.

## MAY DELAY ACTION ON 2 CEMENT ROADS

County May Take Bids Under Consideration Pending Decision by  
State Highway Body

ROTARY COMMITTEE REPORTS

It was regarded as probable this afternoon that the county commissioners would take under consideration bids for the construction of a cement road in Noble township, from the end of the Weir road on south, and the Sabert Offutt cement road from Rushville to the Shelby county line west of Arlington, pending final decision of the state highway commission to take over what is known as the Brookville road from Indianapolis to Cincinnati.

A committee from the Rotary club of Rushville, which conferred with L. H. Wright, secretary of the state commission, reported to the county commissioners this afternoon that they had received positive assurance that the Brookville road would be taken over by the state and that the only thing which had delayed action was whether the state road should follow the route of the Brookville road or follow the National road for a distance and connect with the Brookville road at Morristown.

The county commissioners were the guests of the Rotary club at the weekly luncheon last Tuesday and assured the club they would not build the Offutt road and stretches of the Brookville road between here and Brookville if they received positive assurance from the state commission that the road would be made a state highway. Bids will be received on the road south of Rushville Wednesday and on the county unit road west of Rushville May 11.

## TO DIVORCE JESS DEMAREE

Wife Files Suit Against Man Serving  
Term in Prison

Mrs. Anna Demaree has filed suit for divorce from Jesse Demaree in the Deatur county circuit court, alleging that her husband is now serving a term in the state prison for conspiracy in connection with robberies, and that prior to his arrest he failed to support the plaintiff and her children. Mrs. Demaree also asks the custody of her six children, William age 15, Robert age 13, Benjamin age 9, Charlotte age 5, Lizzie age 2 and Gladys age 3 months.

It will be recalled that Jesse Demaree was sentenced from the Rush circuit court a few weeks ago on the conspiracy charge, after he had made a full confession of his crime in connection with the Dr. D. H. Dean robbery in this city and the Sharer and Moore robbery in Carlthage.

## GRADUATES SEEK HIGHER EDUCATION

Carthage Seniors Are One Hundred  
Percent For College Work This  
Year.

ELEVEN TO BE GRADUATED

High School Also Will Give Entertainment on May Seventh—Program is Announced

The Carthage high school graduating class of this year will consist of eleven boys and girls, and early indications are that the senior class will be one hundred percent for higher education and college work. Each of the seniors has signified his or her intention of taking up work in higher education, and have already chosen the school.

In the list of graduates, two of them will enter normal school to prepare themselves for school teachers, and two others will attend business college. The remaining will enter well known colleges and universities.

Following is the list of graduates, and the school of their choice which they will attend:

Lucile Parish, Teacher's Training College; Lucille Drysdale, Earlham College; Melvin Henley, Purdue University; Lowell DeMoss, Indiana University; Mary Baseler, Miami University; Dallas Wallen, Muncie State Normal School; Serena Outland, Central Business College; Isabel Henley, Earlham College; Maurice Alexander, Purdue University; Herbert Terry, Indiana University; Dorothy Taylor, Central Business College.

Although graduation is still a month away, the entire high school is now making preparations for an entertainment that will be given on Friday evening, May 7 at eight o'clock in the Friends' church.

The entertainment will consist of a varied program with musical numbers and other kinds of entertainment which will please anyone who attends.

Following is the program as arranged for the entertainment:

Orchestra—The Brenan Co.  
"Beautiful Moonlight"—Girls' Chorus  
Reading—Serena Outland  
Piano Duet—Marcella Lineback, Ruth Brenan.  
Playlet—"The Assessor".

## REPUBLICANS

URGED TO VOTE

County Organization Issues Appeal  
For Active Participation in Primary  
Tomorrow

CANDIDATES REST ON OARS

Less Interest Among Democrats  
With One Contest Each on  
County and State Tickets

An urgent appeal was issued today for republicans to participate in the primary election tomorrow. The appeal was made by the republican county organization because of the interest shown in the primary campaign this year and the warm contest which has developed not only for nominations on the county ticket, but likewise in the race for governor and president.

The interest of democratic voters is not so great and it is not expected that the vote will be very large due to the fact that there is only one contest on the county ticket and one on the state ticket. There are two candidates for representative, Frank Megee of this city and John A. D. Wagoner of Orange township, and four candidates for the democratic nomination for governor.

Candidates were largely resting on their oars today on the theory that the average voter has reached a conclusion as to how he will vote tomorrow.

Returns from the republican primary will be received in the sheriff's office in the court house tomorrow evening. For Biggs, republican county chairman, today urged precinct committeemen and inspectors to report the vote from their precincts by telephone at the earliest possible moment.

It was stated that the effort of Johnson's campaign managers to persuade democrats to vote for him in the republican primary would not likely have much effect in Rush county. Before helping nominate the republican ticket in the primary, democrats have to make affidavit that they will support a majority of the candidates on the republican ticket at the election in November.

"I do not believe that the democrats of Rush county will respond to the appeal of the Johnson managers to vote for the California senator in the primary," a prominent republican declared today. "The democrats of Rush county are not built that way and I feel sure that they are willing to leave the nomination of the republican ticket to the republicans."

Although the Indiana primary law

## GREGG ALYEA CASE IS CONTINUED TODAY

Trial of Greensburg Man, Accused  
of Conspiracy, Will Not be Held  
Wednesday

MAY TERM STARTED TODAY

The May term of the Rush circuit court opened today, but very little business was transacted, and the prospects are that the term will be unusually light, as the number of cases is small and only one or two are of much importance, which will require the services of a jury.

In calling the issues this morning, the case of the state against Gregg Alyea of Greensburg accused of conspiracy, was struck off for Wednesday, as the state requested a continuance and the defense agreed to it. It is expected that something further will develop in this case within a day or so, and it will then be set for trial later in the term.

Not very many cases have been placed on the calendar, but the criminal case of the state against Cecil B. Collins, former clerk of the Shelby circuit court, will come on trial on May 10, as originally set on the calendar by Judge Craig, special judge in the case. Neither the petit jurors or grand jurors have been called for the term as yet, but their names have been drawn, and were published Saturday.

# CASTOR OIL NOW MADE TASTELESS

Remarkable Process Perfected by  
Chemists of Spencer Kellogg  
& Sons, Inc.

Nobody ever dreamed that castor oil could be made tasteless. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil perfected a wonderful process whereby castor oil is made absolutely tasteless. Nothing is removed except that disagreeable taste. Strength and purity remain absolutely unchanged. It's the same castor oil that your doctor prescribes with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grown-ups! Insist on Kellogg's Tasteless Castor Oil if you want a castor oil that is really tasteless. Two sizes, 35c and 65c. At all good drug stores.—(Adv.)

## WILLING TO GO TO WORK

Rail Strikers First Want Board to Take up Demands

(By United Press.)

## SEES GEN. WOOD AS LOGICAL MAN

Continued from Page One  
cause he was a business man, and had been a business man in his entire career. He said that other candidates were basing their fight on the facts that the country needed a business man at the head of it.

He told about Leonard Wood in his management of affairs in Cuba, and how he had cleaned up the island and made it a sanitary and decent place in which to live. He pointed out that only a sound business man could have accomplished such a thing.

Mr. Flowers also remarked that it was true that Wood was a military man but he was endowed with a business head, and capable of doing greater things besides military tactics.

In closing he urged the voters not to throw their vote away by giving it to Lowden or Harding, as that was prestige. Mr. Flowers told of the stand that Wood had taken for the League of Nations, claiming that he was in favor of most of it, and was unlike Johnson, who didn't believe in any of it.

Mr. Flowers gave a life history of Leonard Wood, and throughout his address conveyed the importance of his candidacy as being a sound business man, combined with the inside knowledge of militarism, and as he remarked, "These alone should be contained in the republican's presidential nominee."

## LUMBERMEN GO ON STRIKE

Between 35,000 and 60,000 Reported Out in Two States

(By United Press.)  
Milwaukee, Wis., May 3.—Reports reaching here today were to the effect that between 35,000 and 60,000 lumbermen went on strike today in Wisconsin and Minnesota.

Twenty-five hundred were on strike in Wisconsin, it was reported.

The lumbermen demand an eight hour day, a minimum wage of \$100 a month, no overtime, and no work on Sunday or holidays.

## REPUBLICANS ARE URGED TO VOTE

Continued from Page One  
was enacted several years ago and the public is presumed to be familiar with its provisions, inquiries made here indicate that many voters are not fully advised as to its conditions and requirements. Confusion has arisen, it appears, as a result of the opinion expressed by some political observer that the republican presidential nominee will be a man who has not entered the primaries. Some voters are at a loss to understand how such a choice could be made after the candidates have gone to the trouble and expense of making the primary races.

It is pointed out that state delegations to the national convention are pledged to vote for the candidate securing the majority vote in the primary election as long as such candidate's name is before the convention. In states having second and third choice the delegates are bound to vote for the second highest candidate when the name of the first is withdrawn. Thus, if none of the candidates making the race in the primary have sufficient votes to insure their nomination the delegates are relieved of any obligation to them and it is at this point that some other candidate whose name may be presented after the convention opens, may be chosen.

The Indiana law relative to the selection of president, governor and United States senator follows:

"The secretary of state shall certify to the chairman of each of such parties, the result of the preferential vote of the candidates of such parties, the result of the preferential vote of the candidates of such party authorized by sections fourteen (14) thereof, which result shall be reported to such convention by such chairman.

"In case there has been a preferential vote for a candidate for president or vice-president and any candidate for either of said offices has received a majority of the votes of such party cast in such primary for such office, the delegates of such party of its national convention shall be instructed and it shall be their duty to cast their votes as a unit for such candidate or candidates as long as his or their names shall be before such convention.

"In case there has been a preferential vote for a candidate for governor of United States senator, and any candidate for either of such offices has received a majority of the vote of such party cast in such primary for such office, such candidate

shall be declared by such convention to be the nominee of such party for such office. In case of a preferential vote for candidates for any of such offices and no candidate for such offices receives majority such preferential vote shall be disregarded."

In Indiana the state conventions have usually endorsed the candidates, receiving the largest vote as the nominees although the law provides that the delegates shall not be bound by the primary result unless the candidates receive a majority of the votes cast. It is regarded likely by some political observers that the nomination for governor on the Republican ticket may be thrown into the convention, although it is generally believed that the delegates will be governed largely by the highest vote cast.

In some states delegates to the state and national conventions are elected by districts, but in Indiana the whole state is regarded as a unit.

## CELEBRATES ANNIVERSARY

Rev. G. F. Sheldon Preaches From Same Text He Used 25 Years Ago

The Rev. G. F. Sheldon, pastor of the First Presbyterian church, yesterday celebrated the twenty-fifth anniversary of his entrance into the ministry by preaching from the same text he did twenty-five years ago. The Rev. Mr. Sheldon preached his first sermon at Quincy, Michigan on May 1, 1895.

The congregation presented the pastor with a bouquet of twenty-five beautiful roses, one for each year he has spent as a minister of the Gospel.

## Answer Your Door-Bell!

Emerson said that if a man did something better than his neighbor, no matter what it was, the world would make a beaten path to his door.

But times have changed. Now-a-days the men who make the "better" things are "making paths" to your door.

Every time a newspaper comes a host of people are ringing your door bell. Merchants and manufac-

turers are waiting on the doorstep to spread their goods at your feet for you to look at.

Don't let the opportunity that advertisements offer you slip by. No matter what you want, clothing, groceries, a fountain pen or a farm, you will find the "better" ones in the advertising columns.

The advertisements tell you where you can get what you want, when you want it.

*Buying with a definite knowledge is so much better than shopping at random. Study the advertisements.*

# After Whooping Cough—What?

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vick's VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vick's is most valuable.

Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vick's should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vick's, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vick Chemical Company, 234 Broad Street, Greensboro, N. C.

Sim Linville, one of the Big Four railroad detectives who assisted in the work of arresting the members of the Demaree gang, who figured in court here recently, has resigned his position with the railroad, and will enter some other line of work. Mr. Linville was in Rushville during the trials of the members of the gang and took an active part in the case. On the night following the arrest of several alleged members, a robbery took place in Greensburg at the Hamilton residence, and one of the gang was shot and killed by Detective Linville.

### From Frying Pan to Fire.

A story goes that once upon a time a live fish was placed in a frying pan. In its agony it gave one mighty flop and landed in the hotter coals of the fire.

We fear the story of the fable is being enacted in real life today.

There is a growing unrest among young men on the farms—an unrest which constitutes a distinct peril to the nation.

Stories of abnormally high wages paid for even unskilled labor in the cities have fired the farm hand with that greatest of all American curses—a desire to get rich quick.

In imagination he sees the money rolling in, but there his imagination stops. He never thinks of its pouring out again.

And in the big cities, despite the high wages paid, there is quite as much pouring as rolling.

Just why bright eyed, keen minded and energetic young men of the country should prefer the exasperating perplexities of the city to the peaceful certainties of the country is difficult to conceive.

From infancy they have been trained in the hard headed school of experience which has enabled their fathers to achieve success in an era when the hand of fate was against every farmer—when there was no adequate recompense for their labor—when the star of hope was obscured by the low prices of their products.

Yet all of this splendid training seems to be without avail. They want to leave the farms.

Fathers have pleaded. Mothers and sisters and sweethearts have shed bitter tears. But the unrest is there—it will not sleep.

True, the city newspapers are filled with enticing worded advertisements calling for help, but when sifted down they are more often found to be jobs that the city man does not want. The farmer lad is asked to come in and take the crumbs that remain.

It is an unfortunate condition which faces the country, and one which must be met.

If the deplorable depopulation of the farms continues there can be but one result. The farmer will live in peace and plenty because he can always raise sufficient for the needs of himself and his family. But everywhere the cities will cry for food when there is no farm to be had. And the young man who leaves the farm will be among those who experience the joys of a gay life and an empty stomach.

The greatest crown of glory of the world war was placed by Marshal Foch upon the brow of a farmer boy from the mountains of Tennessee. He is the hero of heroes of the war of all wars.

The farm boy of today has an opportunity of performing for his country an even greater service than that which made Alvin York's name known wherever civilization exists.

By remaining upon the farm, where life is clean and opportunities are never lacking, he can aid in saving millions of helpless women and children from the pangs of hunger and the depths of despair.

For without the products of the farm even life itself can not be sustained.

### Chickens Come Home to Roost

When the president coined the word "mandate" as something to be added to his growing collection of governmental activities and the American Senate shooed it away many wondered what sort of a bird it was. Now it turns out that it must have been like a chicken, for other governments insist that it shall come home to roost.

We are authorized to announce the name of Frank Mezger of Rushville as a candidate for representative from Rush County in the Indiana state legislature, subject to the Democratic primary election on May 4, 1920.

**FOR REPRESENTATIVE**  
We are authorized to announce the name of John A. D. Wagner of Orange township, as a candidate for representative from Rush County in the Indiana state legislature, subject to the Democratic primary election on May 4, 1920.

home to roost. The Supreme council is sending a formal request to President Wilson that the United States take the "mandate" for Armenia. There are other "mandates" that pay better but Great Britain, France and Italy wanted those and there really were not enough to go around. Mesopotamia and Palestine looked good to the English Government, and France coveted and got Syria. These "mandates" will lay golden eggs but Armenia is a barren fowl, a weak, starving republic beset by the Turks whose revenues unlike the others will pay a profit on administration expenses, but involve the Mandator or Mandatee in the maintenance of a large army to prevent massacre. In fact the Turks say they will fight right away for Erzerum. The Senate will add to the joy of this country and the troubles of others when it dispatches, this bird if ever it gets a shot at it and it will also sound a serious note by referring to how much worse was escaped when a whole brood of the same foul type were strangled by the reservations put in the peace treaty.

It has been brought out that the packers are cooperating with Attorney General Palmer in this "cheaper cuts" campaign and also that Mr. Palmer agreed on a price for Louisiana sugar which the producers decided on. Just where does the ultimate consumer get off?

Even one lone man can do much for the community in which he lives, but when all men pull together there is no end to the possibilities.

### AFTER GRIP WINTER COLDS— BAD BLOOD

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Dr. Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take the "Discovery" as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package of the tablets by sending 10c. to the Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicines have been our family medicine. About two years ago I was very much run-down. I suffered loss of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communication regarding it if stamped envelope is enclosed."—MRS. A. W. HAWLEY, Route 3.

International Convention of Rotarians Will Welcome Visitor From Extreme South

MEETS WEEK OF JUNE 21

Atlantic City is Preparing For Big Week When Every State and Club Will be Represented

Atlantic City, New Jersey, May 3.—South America will be brought into more intimate relations with the United States and with Canada, through the convention of the International Association of Rotary Clubs which is to be held here on the Steel Pier during the week of June 21st.

The Rotary Club of Montevideo, Uruguay, possibly the most southern club in the world to be represented, has sent a delegate, Herbert P. Coates, secretary and charter member, who leaves this month in order to arrive here in time. Secretary Coates will tour Chile and Peru enroute in hope of commencing Rotary Work in those countries. He will also visit Rotary Clubs in Panama and in Cuba. The hotel reservation applications, received thus far, exceed the 6000 mark, with only about 50 percent of the Rotary Clubs in this country and abroad heard from at this time. It is expected that the attendance will be far in excess of that figure, in a record breaking convention.

International Secretary Charles R. Perry, and Past International President Russell Grenier and E. Leslie Pidgeon, the latter of Winnipeg, will sail from New York on May 1st for the British Isles for a whirlwind and characteristically American tour prior to the big International gatherings here. Their purpose is three fold. They will visit Edinburgh, Scotland, where International Rotary has been invited in 1921. Edinburgh is a rival to Los Angeles and Boston in that contest.

The Rotary chiefs will infuse Rotary spirit into overseas clubs which may need it, and will arouse interest in the Atlantic City Convention. It is expected they will accompany the big delegation from the British Isles on the voyage to New York and this city. Past President Pidgeon is preparing the convention. It will include the formation of an International League of Rotary Nations, will deal with the problem of employer and employee and the development of work among boys, which is emphasized by Rotary.

**"For a Woman's Honor"—Mystic**

H. B. Warner does some remarkably fine acting in his new drama, "For a Woman's Honor," at the Mystic today. The production is the third in a series of Superior Pictures this famous star has made for Robertson-Cole and, distributed by Exhibitors Mutual.

Warner portrays the character of a young English physician who protects the memory of his fiancée's rather by paying blackmail to a daring adventuress, and in doing so places himself in a false position with his sweetheart and her mother, who believe the adventuress to be his wife. To clear himself would besmirch the character of a dead man and blast the happiness of the woman he loved.

The play is well constructed in that audience knows that the accusation of the blackmailer is false, but there is now way in which Dr. Mannering (Warner) can prove it. Only the death of the adventuress can remove the sinister shadow, and this is brought about in a highly dramatic manner.

The production was made by Jesse D. Hampton, and is notable for its fine photography and lavish sets.

**ILLEGAL USE OF MONEY**

Washington, May 3.—Activities of the Fourth Assistant Postmaster General have been called to the attention of the Senate, by Senator King, democrat of Utah. He advised that body that complaints had come to him that this official had sent out tens of thousands of circulars and questionnaires to farmers pertaining to matters outside of the domain or purview of the Post Office Department, with no appropriation which he could legally use for the purpose.

# Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

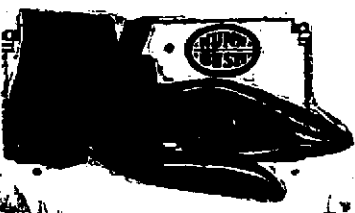

## Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

## ELEVENTH HOUR APPEALS MADE

Continued from Page One

should Johnson receive a plurality, he would not be in a commanding position.

The Lowden and Harding men were considerably aggrieved because of the statements emanating from Wood sources that their candidates were out of the race. The line-up of delegates printed in the Indianapolis Star today proves far from the contrary, they point out, because Lowden has 70 delegates, running only five behind Johnson and nineteen behind Wood, in spite of the fact that his campaign has not been conducted on a large scale such as Woods. Lowden men recalled that their candidate had not entered the states of other candidates while Wood has carried his campaign into every state, regardless of whether there was a "favorite son" in the race, and still he has only nineteen more delegates than Lowden.

To support their contention that the Indiana primary will have no appreciable effect on the convention, it is pointed out that more than half of the 705 national convention delegates chosen, 398 to be exact, are uninstructed and that of the instructed delegates, 274 are divided among the four leading candidates.

In a statement given out in Indianapolis following the discovery that Johnson workers in Indiana have passed out a card appealing to democrats to make affidavits that they intend to vote for a majority of the republican ticket in November, in order to vote for Johnson in the primary, Harry G. Hogan state campaign manager for Leonard Wood, said this is a most unusual procedure.

"My first connection with the republican organization began when I held a poll book in the Roosevelt election in 1912," he continued. "Since that time I have served in various capacities and now am a member of the state organization."

"During all this time I do not recall a single instance where democrats were invited by republicans into a republican primary to assist the republicans in selecting a state, county, and township ticket, precinct committeemen and other members of the organization."

"To elect the tickets nominated this privilege belongs distinctly to the republicans. If the outcome is not what they want, their faith in the party is such that they will accept the verdict without kicking and complaining. On the contrary if democrats should vote in our primary and its result does not coincide with the wishes expressed by them in the primary, the democrats will be the first to cause trouble for the party and thus make the support of the democratic party more effective in November."

"It is understood that Wood has been passed down to certain democrats to bore from within and attempt to select a nominee on both tickets. Personally we want democrats to vote for republican officials and republican policies if they meet with their approval. But the republicans want to adopt their own platform and select their own candidates. I am sure that republicans throughout the state will bitterly resent any efforts on the part of the democrats to nominate republican candidates in the primary. The democrats could enter a republican caucus if they could enter a republican primary and they belong in neither of these places because the primary is for republicans and the democrats belong in the democratic primary."

The card circulated by the Johnson organization which drew the criticism from Manager Hogan reads:

"If you are opposed to the league of nations make your opposition count. Democrats and Republicans for Hiram W. Johnson in the Primary May 4. Special notice: Even if you have voted the democratic ticket in the past you have the legal right to vote a republican ballot in the primary. All challenged make affidavit at the polling place that you intend to support the majority of the republican ticket next November. This will enable you to vote for Johnson."

## Obituary.

### Obituary of Mrs. Wilkinson

Emma Catherine Mehl was born in Dearborn County, Indiana, at the village of Bright on the ninth day of November, 1862, and departed this life April the 20th, 1920, being at the time of her departure 57 years, 5 months and 11 days of age. She was the daughter of Thomas and Susan Mehl. Her father was of pure English descent coming to America when but six weeks old. Her mother was of pure French stock.

She was of a family of fourteen children, nine boys and five girls. All of these grew to maturity, with the exception of two sisters and two brothers who died in infancy. Three brothers and two sister survive her. These are Edward of near Rushville, Ind., Joseph of Springfield, Ill., and Albert of Harrison, O. the brothers, and Mrs. Laura Jackson of Liberty, Ind. and Mrs. Anna Grubbs of Bright, Ind., the sisters.

She was married to Wm. R. Wilkinson at Harrison, Ohio, on April 9th, 1891 by the Rev. L. E. Brown. This union was blessed by the birth of two children both sons, Arthur and William, both of whom with a little granddaughter Frances, daughter of Arthur, survive her.

Her good husband died on August 24, 1900, when Arthur the elder son was but fifteen. With true motherly greatness she shouldered the added burden that fell upon her and provided a home during the succeeding years for her two sons. These sons are her living monument today and testify by their splendid manhood to her loving care and Christian influence.

After the death of her husband, she removed to the Little Flat Rock neighborhood in Rush Co., Ind., where she continued to reside until the time of her death.

Shortly after her marriage she united with the Christian church at Bright, Indiana, and after her removal from that neighborhood became a member of the Little Flat Rock congregation of which she has ever been a faithful consistent member. She was also a member of the missionary society and was held in high esteem by that organization.

Funeral services were held in the church at Bright, Ind., conducted by the Rev. Talmage DeFrees on Thursday afternoon with interment in the family lot at the Bright cemetery.

MRS. AURORE BARRETTE, popular New Hampshire woman, who says Tanlac brought about a wonderful change in her condition and that every suffering woman ought to know about this wonderful medicine.

"Tanlac is a grand medicine, and I think every suffering woman ought to know about it," was the statement made recently by Mrs. Aureore Barrette, at her residence, 133 Second Street, Manchester, New Hampshire. Mrs. Barrette is a well known and highly respected resident of that city.

"I have not felt at all well for the past year or more," she continued, "I haven't been sick enough to be in bed, but I was far from being a well woman. At times I thought I had kidney trouble, for I suffered almost constantly from severe pains across my back, just over the kidneys. Whenever I tried to do any housework at all that dull pain would be there, and if I attempted to stoop over it just felt as though my back would break. I would get so weak and worn out I would have to sit down and rest several times a day, and I felt tired all the time.

"This condition made me awfully nervous, so that I rarely ever slept well at night, and every now and then I would jump in my sleep, as if in a fright, and my condition was really becoming serious.

"Only two bottles of Tanlac have brought about a wonderful change in my condition. In fact, the results I have received from this medicine have really surprised me. Those terrible pains in my back which used to trouble me every day have almost disappeared, and I am going to keep on taking Tanlac until they leave me entirely. I have lots of energy now, and am not only able to do my housework, but I get through the day without feeling the least bit tired. I am no longer nervous like I was, and I sleep well at night.

"I shall always be thankful for what Tanlac has done for me."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

# RELIGIOUS REPORT HAS BEEN ISSUED

30 Denominations in Interchurch World Movement Shows Many Unusual Statements

## FINANCIAL CAMPAIGN IS ON. Report Shows That Inadequate Instruction Prevails For Sunday Schools

For three out of every five Protestant children in the United States the churches do not provide Sunday school instruction. For the other two children all the churches give is twenty-four hours a year in Sunday School.

These statements are made in a report on religious education issued by the Interchurch World Movement, through which thirty denominations are cooperating in a campaign to raise the sum of \$336,777.572 for the educational, missionary and benevolent objects of the churches.

Last year, according to the Interchurch report, which embodies the results of a survey of the situation, thirteen million members of twenty religious bodies paid only five and three-tenths cents per member on their Sunday School and young people's boards. This year, as a result of the joint campaign of the churches, they are expected to spend as much as twenty cents per member. The sum of \$5,931,925 is included in the joint budget of the thirty co-operating denominations to be applied to the advancements of religious education.

The immediate need, the report declares, is for more and better qualified teachers and supervisors of Sunday Schools and adequate provision for their training. As things are at present, whereas the public schools have one supervisor to every 82 teachers, the church schools have to get along with one supervisor to every 2,176 teachers. The teachers themselves, though willing and self-sacrificing, are usually untrained and often poorly educated.

The solution of the problem, the report finds, must lie in denominational co-operation in setting up state and community organizations for the training of teachers and for the standardization of religious instruction. A start in the right direction has been made with the recent reorganization of the Sunday School Council of Evangelical Denominations and the International Sunday School Association. An agreement has been made by which the various denomination Sunday school boards will carry out their common policies through the agency of the State and the International Sunday School Association, and it is hoped that the close cooperation of thirty denominations in the present campaign may still further promote the idea of joint effort and hence increased efficiency in tackling the Sunday School problem.

# Leonard Wood—True American!

## Neither Radical nor Reactionary, He is Safest Bet

The development of the situation by the campaign has steadily added to the reasons for being, for Wood. We can now see pretty clearly the candidates and their various groups of supporters. The war has made the bulk of Americans more conservative. We used to look on with good-natured tolerance while every kind of agitator and propagandist spread their anti-American doctrines. But when we saw them and their followers in great numbers stand aloof or in opposition and leave us to carry on the fight while liberty in the world was on the brink of destruction, it set us to thinking.

These groups are not for Wood; of the cut-throat anarchists, the Socialists, the bolsheviks out for plunder, the peace-at-any-price group who sang "I didn't raise my boy to be a soldier"—in fact, the whole anti-American millions living in the United States, including such worthies as Victor Berger, Debs and Big Bill Heywood, not one is for Wood.

So much for the wildcat end of the line. At the other end is our old friend, the standpatter. But his history is hopelessly tainted by the fact that he is responsible for the advantage which corporations got over the rest of the country and which took all the power of the legislation under Theodore Roosevelt. Whether the standpatter has repented himself or whether he would reinstate the reign

of privilege is a question which can not be silenced.

Both of these ends have candidates whom they are supporting with might and main. But Gen. Wood is the only candidate who meets the demands of the great center of the line—the vast majority of the American people; the people who believe in a fair and full hearing of the grievances of every individual or section or, calling of the body politic, and a decision by unbiased authority by which the parties must abide; the people who believe in progressive legislation to meet changing conditions; the people who believe in an education which makes us determined to stand forever upon foundations of our government; the people who believe in law and order; the people who believe in liberty; but always underneath the law.

Gen. Wood meets the demand of the great center of the line. He meets it in personal bearing, in even mind, in sound judgment, in great demonstrated executive ability in many stations, especially as Governor of Cuba; in his intelligent mastery of the duties of every position; in his fair dealings with strikes; in his sound views of legislation and of citizenship; in his noble bearings during the war. Rounding up the items of fitness of each candidate, Gen. Wood stands first with a wide gap behind him. Finally, if there is a man in public life who is like Theodore Roosevelt, it is Leonard Wood—there is no other.

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before May 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVY, Secretary.

Hutchinson, Kans., May 3.—A Kansas wheat harvest labor conference opened here today for discussion of the advisability of establishing a standard wage.

Every agricultural organization in every county of the state had been invited to send at least one representative.

Last year the standard wage was 50 cents an hour for a ten-hour day with extra pay for overtime. But a survey of wages paid last year shows that as high as \$7.50 per day with food and lodging was paid in a few counties in the central western part of the state, while a few eastern and western counties fluctuated between these two extremes. One community paid \$13 a day.

DID NOT INVESTIGATE

Washington, May 3.—Indicia that little effort was made by the Shipping Board to inquire into the financial responsibility of firms to whom it let enormous contracts for the building of ships during the war was given by the testimony relating to the operations of the Board on the Eastern seacoast begun by the special investigation committee of the House.

The E. W. Rose Co., Cleveland, O.

Representative Oscar E. Bland, has voted from Garfield hospital, where he is a patient following an operation.

Vice President Marshall and his secretary, Mark Thistlewaite, filed their applications for ballots so late that Mr. Burleson will have to do a particularly good job if their ballots get to Indianapolis before the polls close.

Senator Watson voted secretly of course, but it is a fair guess that his modesty did not prevent him from voting for himself even though he is to be nominated without opposition. His ballot goes to Rush county.

To Rush County Republicans:

Believing in an absolutely independent Judiciary in all its branches, and that hand-shaking is often hypocritical and politically barbarous, I have refrained from asking pledges, alike annoying and an infringement on the personal rights of the voter, and submit my cause to the voters through the medium of the press.

I have no friends to reward, nor enemies to punish and will so far as a knowledge acquired from 26 years of active practice, enforce the laws as written or modified without fear or favor, honestly and impartially.

Never a candidate before. I ask your suffrage Tuesday, May 4, 1920

## Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these accumulations that cause unlimited

trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 105 Swift Laboratory, Atlanta, Ga.

# PLAYER PIANO

EXTRA SPECIAL BARGAIN

One of the finest Player-Piano Bargains we have ever had to offer. An instrument fine enough in detail of construction and finish for the most elaborate home in Rush County. If you are interested in buying something fine—beyond comparison—for your home, come in at once and see this one.

The Piano contains a genuine "Cecilian" non-destructible metal action—constructed of aluminum—all individual valve system—connected with solid brass tubing. Superior in construction to all other makes—will last indefinite number of years and give the most responsive touch and tone.

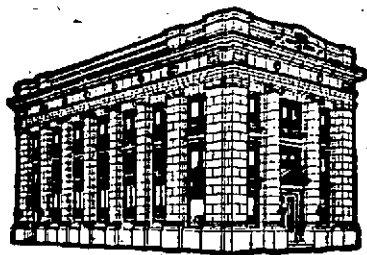

We have only one left—the last to be made of this special type aluminum construction as factory has been compelled to discontinue the use of certain costly materials used in this action. This one is offered for sale this week at exactly \$175.00 less than the regular market price.

We will accept this week half the price on any instrument purchased of this store in Liberty Loan Bonds at par allowing you full face value, same as cash.

## MINIMUM COST FOR A STATE MEMORIAL

Indianapolis Will Provide One-Half of Estimated Amount, Leaving Balance to State  
**\$10,000,000 IS PROPOSED COST.**

It Would Mean That Each Citizen Would Pay Only 1.9 Cents a Month for 10 Years

Indianapolis, Ind., May 3.—Would every man, woman, and child of Indiana outside of Indianapolis be willing to pay 1.9 cents every month for the next ten years to see a memorial building erected to the memory of the state's sons and daughters who served in the World War? Would they be willing to pay that sum for a building in the state capital provided the people of Indianapolis paid eighteen cents monthly on a per capita basis?

These questions are revolving in the minds of the State War Memorial committee since figures have been produced to show the exact distribution of the expense of the proposed \$10,000,000 memorial. The committee is convinced that few, if any people in the state, would object to this expenditure and they believe now that all that remains to be done is to obtain a special session of the legislature to pass the enabling act.

The city of Indianapolis has pledged itself to provide half the expense of the proposed memorial building, namely \$5,000,000. On the basis of a population of 300,000 a ten year bond issue of this nature would cost every person in the city \$21.25 strung over the entire period. Approximating the state population, exclusive of Indianapolis, at 2,700,000, a ten year bond issue of \$5,000,000 would cost each person \$2.36 for the whole period.

These figures show that the citizens of Indianapolis would pay nine times as much as the outstate residents. It has also been pointed out by those interested in the project that by dividing the cost of the memorial equally between the state and Marion county, the residents of this county would pay in addition to their proportionate share of state taxes the increase in local taxation also.

## TAIL LIGHTS LOSE TO ARLINGTON RED SOX

Local Team is Defeated in First Two Innings When Opponents Pile up Big Lead

**FINAL SCORE IS 10 TO 3**

The Arlington Red Sox defeated the Rushville Tail Lights yesterday afternoon in a game played on the Arlington grounds, the score being 10 to 3. The Red Sox piled up a lead in the first two innings that the Tail Lights could not overcome. Rushville failed to hit the ball when needed, but showed up excellent in their field work. The Red Sox have a strong team, and a game will be played again soon with them when Rushville expects to even up on the defeat of yesterday.

The line-up and summary:

RUSHVILLE	AB	R

## Why the Cleveland Six is Multiplying its Friends

The Cleveland Six is making new friends every day, thousands of them every month, because it brings them so much more than they had even dared to expect,—so much more of the pleasure of driving, and the ease of driving and of the comfort of riding.

The motor of the Cleveland Six—designed by the Cleveland company's own engineers, tested in road work and engineering shops for three years before being offered to the public, and now built in the company's own great factory—is something new to countless thousands of motorists who prefer the light six type of car.

They have never driven behind just such a motor as this. The wonders of its pick-up and flexibility are exceptional and the brakes sure. Low underslung spring construction and soft restful cushions give the Cleveland unusual qualities of comfort. Since first sent out on its journey into the big world of motordom, last July, the Cleveland Six has made friends, and multiplied them. Thousands of owners know what a good car it is and they tell their friends.

## ECLIPSE OF MOON IS SEEN

Astronomer Says Peculiar Color Was Due to Reflection of Light

Many people noted the total eclipse of the moon which occurred last night between the hours of seven and nine o'clock. For a part of the time the moon resembled a big red ball of fire.

John Candee Dean, an Indianapolis astronomer, explained that the peculiar color during the period of the eclipse was the reflection of light from the earth's surface. Mr. Dean said the color was unusual and that the reflection of the light from the earth seldom is noticed on the moon during an eclipse.

## The Reason

For many years I have enjoyed the patronage of the buying public of this community and it certainly is with much regret I am taking this step. I have considered it from every angle and fully decided that a man at my age would feel more comfortable and get more out of the few remaining years if not so closely confined. So I have decided to close out completely all my stock and fixtures.

Many extra clerks are now engaged and are all busy preparing for the big slaughter. No matter where you live, nor where you come from, you have NEVER seen a cleaner or finer stock of merchandise and you will be standing in your own light if you do not attend this sale. We do not know how long it will last, but one thing sure, it will not be many days. You will say the same thing when you see the prices. Retiring from the mercantile business has forced these proceedings and it's a case of quick wind-up. Store will be closed all day Wednesday, May 5th for preparation.

TENTMAKERS DO  
A GOOD BUSINESS

Thousands of America's Millions of Homeless Families Prepared to Camp Out For Summer

READY TO DODGE RENTS.

Drastic Steps Must be Taken to Cope With the Shortage of Houses in This Country

Chicago, May 3.—Tentmakers were doing a handoff business here today as thousands of America's million of homeless families prepared to camp out this summer.

Short a million homes throughout the country because of lack of transportation and of sufficient building materials, builders, architects and government and city officials agreed today that some drastic step to remedy the situation is necessary if a chilly existence is to be avoided by the country next winter.

A repetition of the housing shortage in the freezing months of next winter will mean unrest and perhaps riots in cities where the situation becomes extremely serious, it is feared.

In the interim homeless families here are preparing to camp out in vacant lots on the city's outskirts or at nearby shady watering places. Tentmakers say they are being besieged for canvas tents by families who say they haven't a house and intend to live out this summer.

So serious is the housing famine here that many owners of homes are contemplating putting up a canvas covering on the roof and living there, renting out their present rooms to less fortunate families.

Some home-owners have rented out their roof for the summer at prices ranging from \$25 to \$50 a month.

Charles Bostrom, building commissioner here, estimates that 40,000 families are homeless in Chicago.

"These people are living in one room apartments, on fire escapes and on roofs," he said.

Bostrom advocated legislation which would lay a heavy tax on vacant property to stimulate building.

Tentmakers say their business this year is double that of last and that tents are costing two and three times the value of a year ago.

Bankers have under consideration a plan to raise \$100,000,000 to build homes here. It provides for the formation of a corporation which would sell stock to would-be-home-owners on installment payments and the corporation would build their homes.

Chicago is not the only city in the West suffering from a housing famine.

Milwaukee, Kansas City, St. Louis, Omaha, Denver, Des Moines, Indianapolis and many other centers, builders say, are experiencing Chicago's difficulties on a smaller scale.

HOOVER AND JOHNSON  
RUN FOR HOME VOTE

Tuesday's Primary Election Will Decide Which is The State's Real Favorite Son

BOTH CLAIM A MAJORITY

San Francisco, May 3.—Senator Hiram W. Johnson and Herbert Hoover, California's rival candidates for the Republican nomination for the presidency, tomorrow will have settled the much-mooted question as to which is the state's real "favorite son".

Both the Johnson and Hoover forces claim the state primary election by "safe majorities". The Senator's supporters claim an easy victory in Northern California, such terms as "walk-away", "landslide" and "overwhelming" being used very freely when reference is made to Johnson's expected majority in and around San Francisco.

Southern California, however, is counted by the Hoover forces as being sufficiently pro-League of Nations to give the former Food Administrator a vote that will overcome Johnson's conceded lead in the north.

THOUSANDS ATTEND  
HISTORIC PROCESSION

Catholic Procession Was Invested With Greater Ceremony Than Any Similar One

DATES BACK TO 12TH CENTURY

Bruges, May 3.—The world famous Procession of the Holy Blood which was revived here today was invested with greater ceremony than any similar procession in recent years. Large deputations of priests and thousands of pilgrims representing every Catholic country in Europe attended.

The ceremony dates back to the Twelfth century when the Court of Flanders obtained, during the course of the Crusades, from the Patriarch of Jerusalem several drops of the Sacred Blood. On his return he presented the relic to the city of Bruges which also received from Archduke Albert of Burgundy an elaborately jeweled casket in which the crystal phial containing the congealed blood is kept.

Every Friday morning the relic is shown in the chapel of the Holy Blood and once a year, the relic is carried through the streets of the city.

## I Am a Republican Candidate For SHERIFF

Of Rush County, subject to the primary election of May 4, 1920.

I spent 23 1/2 months in the service of my country, 12 of which were spent in France and Germany.

I participated in the two "All American" offenses — the St. Mihiel of Sept. 12, 1918, and the Meuse-Argonne of Nov. 1, 1918. I was on the front at the close of hostilities, after which my division, the 89th, was a part of the Army of Occupation, and was stationed at Treves, Germany.

I need your support and any favors will be greatly appreciated.

## HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentifrice that contains the properties recommended as ideal by United States Army dental surgeons

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

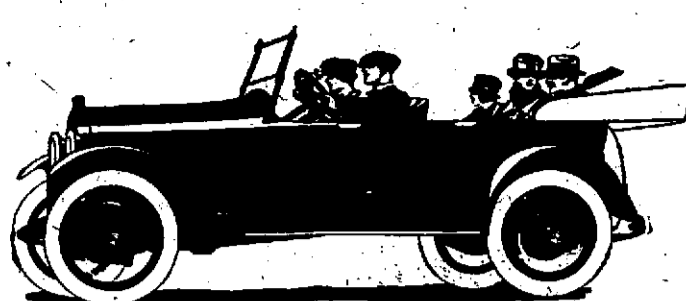

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Even a day or seven days' wonderful results.
